### **EXAMINER'S AMENDMENT AND REASONS FOR ALLOWANCE**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

In the insertion by applicant before line 5 on page 2 of the specification concerning the parent application (as delineated in the Preliminary Amendment filed February 17, 2004), after "July 9, 2002" - - now U.S. Pat. 6,723,597 - - is inserted.

This updates the status of the parent application.

The following is an examiner's statement of reasons for allowance:

Claims 46-63 are allowed primarily because the prior art do not teach the claimed invention in claims 46, 54, and 60, including with regard to a memory cell comprising a plurality of transistors above a semiconducting substrate, a plurality of local interconnects coupled to a doped region of one the transistors and positioned in an opening in a layer of boron phosphosilicate glass (BPSG) and a dielectric layer positioned above said BPSG layer, said dielectric layer being comprised of a material having a dielectric constant greater than approximately 6.0. There is no teachings or suggestion for the particular claimed combination of the BPSG and the dielectric layer as characterized to obtain the claimed structure and device in question and the associated problem and solution, e.g., the instant specification, page 3 line 24 to page 4 line 17, page 13 lines 11-19.

Art Unit: 2814

The prior art made of record include Arita et al., Venkatesan et al., Liou, and Held and those in the IDS filed February 17, 2004, and do not teach or suggest the claimed invention delineated above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
